Use the cross-out subtraction cards to determine the subtraction equation and answer.

# APRIL CENTERS

What **MATH SKILLS** are covered?

Counting

Subtraction

Number Recognition

Comparing

Number Sense

Counting On

One-to-one correspondence

3D Shapes

Missing Number

Counting by 2's, 5's & 10's

Addition

Graph & Data

# APRIL CENTERS

Perfect for...

- Centers
- Small Groups
- Intervention
- Morning Tubs
- Early Finishers
- Independent Work

# WHY USE APRIL CENTERS?

1. Provides you with **21 low prep** activities that you can easily add to your day. The different options included will allow you to **meet your students needs** and provide you with plenty of activities to keep students excited for more.

2. These centers are designed with **hands-on, engaging, and fun** activities that will make your students feel like they are playing games. With so many skill included, you will **feel confident** knowing that your students are practicing important skills for this time of year.

3. The **'I Can' posters** will allow for student independence which will give you more uninterrupted time to work in small groups or interventions. The **recording sheets** will quickly allow you to see your students understanding of the activity and skill.
