# TEACHERS REVIEWS

"My kindergarten students love to use this resource. I like these booklets because it is a perfect size for a young child and they have all the most important activities that a child needs to learn a letter."

"Excellent resource! My students love them. I only had to model a few and now they can complete them independently. So nice! So easy to prep, too."

"We love these little books! My students always ask when they get the next new book! They are so engaged and enjoy sharing it with their family at home!"

I can draw 3 pepperonis.

I can trace and write.
